

Founder Biography — Eric Saint-Marc

Eric Saint-Marc is the Founder and CEO of ThinkAhead Corporation, a technology company founded in 2020 with a mission to bring intelligence, emotion, and human-centered design back into digital experiences.

His work focuses on artificial intelligence, customer experience, behavioral design, and product strategy. Through ThinkAhead, he has developed platforms including ZipVoyager and Diluta.

With Diluta, Eric is reimagining productivity around chronotypes, behavioral archetypes, and adaptive AI—creating systems that help people work with their natural energy patterns rather than against them.
